

Ultimax[®] ATV HQ

Performance Driven. Performance Proven.

Have You Checked Your ATV Belt Lately?

Ultimax[®] ATV HQ belts by Timken are high quality replacement drive belts for ATVs, UTVs and Side-by-Sides. Specially formulated compounds and aramid cord create a durable and dependable belt. The Ultimax ATV HQ belt line is comprised of 28 part numbers that cover the most popular machines. Each Ultimax ATV HQ belt has been engineered for use on specific applications to provide proper fit and reliability.

The Belt Experts

Timken is a major supplier of drive belts to original equipment (OE) manufacturers. No other aftermarket belt company has this OE expertise. For more than 100 years, Timken has focused on value creation for diverse industries and market segments.

Features and Benefits:

- Each belt is designed for a specific application
- Durable and dependable OE replacement belt
- One year warranty*
- Made in the U.S.A.

Materials and Manufacturing:

- Fiber-loaded rubber is designed to grip the clutches throughout the entire life of the belt
- Each belt contains rubber compounds designed specifically for the application
- Every belt contains strong and stable aramid cord
- Ultimax belts are built using modern methods to reduce variability and help eliminate "classic" failure modes
